What will she do and say to convince her love to stay? Will there be enough conviction for him to move on or to stay with her?

Although Mesha Glick has been sick for some time, she is slowly beginning to heal and resume her normal activities, including time spent with the man she loves and hopes to marry. However, she is still experiencing symptoms of her prolonged sickness, from seizures to paleness and blackouts. Worried that she might become sick again, she seeks help from her parents to heal the problem with natural remedies.

Another problem is plaguing the beautiful Amish teenager: her beloved Samuel is planning to leave for rumspringa soon, and he plans to be gone for an extended period. She must deal with thoughts of separation from him and prays desperately that he will choose to return when he has finished his “sowing wild oats” period. If he doesn’t come back, she faces a lonely life or a future with someone else.

“Can’t you stay with your family? Matthew stayed at home during his rumspringa,” Mesha said as she sat in a huge green field beside Samuel.

“Mesha, I want you to understand me. I have always wanted to go on a journey, a journey where I can find the meaning to my life, my existence. I want to go out in the world and feel that I am a part of it. You know...”

For Samuel, being a part of a large family is just who he is, but he wants something more out of life—to see and experience things in the world. He wants to travel, to see parts of the world he might never get a chance to see again, and he is offered the chance to do this during his yearlong rumspringa. In order to go though, he must risk breaking the hearts of everyone he holds dear, including his darling Mesha. It is the opportunity of a lifetime, but he knows that there is always the chance that he’ll love it so much that he never returns.

He faces the toughest choice of his young life: whether to stay and always wonder if he made the right choice or go and risk losing everything he holds most dear. In addition, Mesha’s unexplained symptoms have continued to grow worse, and he has a nightmare regarding her health. It continues to haunt him for weeks, keeping him from sleeping and making his decision even more difficult as his scheduled departure approaches.

Will Mesha heal or will her health keep her from the last days with her love?

What will Samuel decide—go or stay?
