AA. VV.

Cavie Umane: L'America e l'energia nucleare: Cronaca di un disastro annunciato (Storia) (Volume 31) (Italian Edition) AA. VV.

Cavie umane, nell'originale Killing Our Own (letteralmente, "Uccidendo i nostri", inteso come i nostri cittadini, i nostri soldati, noi stessi) nasce nel 1982, sotto l'ombra che si allunga a dismisura dell'incidente di Three Mile Island. Oggi come allora, l'informazione libera da interessi, rispettosa della complessità dei temi legati all'energia, intellettualmente onesta (non "equidistante e indipendente", perché un autore serio prende sempre posizione) non era e non è abbastanza presente per aiutare il pubblico a trovare il filo delle cose.

L'attualità di Killing Our Own si è purtroppo riproposta puntualmente: mentre ne veniva ultimata la presente edizione le notizie da Fukushima hanno invaso i media ed è apparso evidente ancora una volta come le storie di sofferenze, malgoverno e manovre più o meno occulte che Killing Our Own denuncia non siano esclusiva degli Stati Uniti.
