7 Figure Marketing Blueprint: Module 5: On Site SEO (Volume 5) Nicole Munoz

Search engine optimization is the biggest mystery online. Every business owner wants to know how to optimize their website in the best way, but no one knows exactly what that way is – unless, they’ve managed to crack the code enough to rank #1 for seven years in a row. Nicole Munoz, owner and founder of the SEO company, Start Ranking Now has found what makes websites hit the first page, and stay there. She’s been helping busy business owners for years to help them beat out their competition and stay ahead to gain the customers that they used to lose to them. Now, Nicole Munoz, has revealed all of the secrets she uses in her business to the public. Everything that her team does for on-site SEO is in this module. All you need to do is buy this module for our low price, and you’ll have all of the information you need to start optimizing your website to become much more visible to search engines. You can’t find another manual anywhere with as much information as this module has inside. Check out just some of the amazing knowledge she has to share with you:

- Find out what makes your site accessible to search engines.
- Understand what uncrawable link structure is and what it does to your business’ website.
- Know where search engine spiders can’t find link on your website.
- Learn what an XML sitemap is, how it’s crucial to your site’s ranking, and how to create one.
- Understand what the best structure is for a website to increase usability.
- Learn how to organize your website’s information, so you can use it effectively when optimizing it.
- Find out about subdomains, and if you should be using them for your website.
- Discover the difference between subdomains and subfolders.
- Learn just what you need to know about Ajax and Javascript - in an easy way!
- Choose the best URLs for your website.
- Write title tags, meta tags and meta descriptions like an expert.
- Learn how to use H1, H2 and H3 tags to optimize your site.
- Understand how to use keywords throughout your site.
- Know how to write the best contact for your site, and how to use images effectively to engage your visitors.
- Learn about anchor text and how to use it on your site.
- Become a SEO copywriter for your site.
- Understand some of the most misunderstood penalties Google has for website, so you don’t become penalized.
- Learn what you need to do to keep your website on the first page for as long as possible.
- ...and there’s so much more!
