During an ordinary visit to the library, a girl pulls a not-so-ordinary book from the shelves. As she turns the pages in this book about coral reefs, the city around her slips away and she finds herself surrounded by the coral cities of the sea and the mysterious plants and animals that live, hunt, and hide there.

*Coral Reefs* by Jason Chin plunges readers into the ocean with incredible facts about fish, coral reefs and marine life. Readers will experience the ocean like they never have before in this stunning picture book full of breathtaking illustrations.

Chin's approach makes this book a must-have common core tool for teachers and librarians introducing scientific principals to young students.
