All parents want their children to thrive and succeed, but Latino parents face a unique set of challenges -- passing along our much-cherished cultural traditions and values, while sending our sons and daughters into an increasingly fast-paced and often homogeneous world, where it's easy to lose sight of *nuestra familia* and the legacy of past generations. Now, an award-winning Latina in the field of early childhood education (and a mother herself) has assembled an indispensable reference for Hispanic parents and caregivers of children from birth to age twelve. A practical reference as well as a precious treasury of *la cultura*, *Raising Nuestros Niños* covers:

- \* Our History, Traditions, and Culture: Lessons to share with your children, and simple ways to enrich your child's development and self-esteem as you celebrate your heritage
- \* Your Child's Social, Emotional, and Intellectual Skills: How to encourage these vital areas of a youngster's development, and why an environment rich in Latino culture will enhance your child's future
- \* The Value of Family and Community: The cornerstones of effective parenting that have supported and nurtured generations of Latino households

Filled with the latest research as well as personal anecdotes, songs, recipes, *dichos*, and games, *Raising Nuestros Niños* will provide a rich cultural framework designed to help you parent effectively and responsibly, as you pass along the priceless gift of *nuestra cultura*.
