Part of the "What Do I Do Now?" series, *Stroke* uses a case-based approach to cover common and important topics in the diagnosis and treatment of stroke. Each chapter provides an overview of the approach to the problem in question followed by a discussion of the diagnosis, key points to remember, and selected references for further reading. For this edition, all cases have been carefully revised, and new information and references have been added. *Stroke* is an engaging collection of thought-provoking cases which clinicians can utilize when they encounter difficult patients on the ward or in the clinic.
