NATO in the First Decade after the Cold War

Martin A. Smith

NATO in the First Decade after the Cold War Martin A. Smith

This book offers an original and distinct analysis of NATO's post-Cold War evolution. Unlike so much of the available literature, it is not focused on what in the author's opinion NATO *should* be doing now that the Cold War is over. Rather, the author offers a comprehensive analysis and overview of the extent to which NATO *can* undertake new roles, tasks and missions in light of the extent to which it has retained significance and vitality as an international institution.

The book's originality also lies in the way in which the author discusses NATO's adaptation within a framework provided by international relations theory, and in particular concepts which stress the role and importance of transnational political processes and international regimes. So far these have been little used in the analysis of military security relations and institutions.

The book will be of interest to those researching and teaching international relations, European politics and security studies, as well as all those seeking a better understanding of the post-Cold War survival and development of a key international security institution.

Charles Melendez:

Reading a guide tends to be new life style in this era globalization. With reading through you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can easily share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or even their experience. Not only the storyline that share in the ebooks. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your children, there are many kinds of book which exist now. The authors these days always try to improve their ability in writing, they also doing some investigation before they write on their book. One of them is this NATO in the First Decade after the Cold War.

John Parish:

This NATO in the First Decade after the Cold War is great guide for you because the content that is full of information for you who always deal with world and possess to make decision every minute. That book reveal it information accurately using great plan word or we can point out no rambling sentences inside. So if you are read the item hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but difficult core information with splendid delivering sentences. Having NATO in the First Decade after the Cold War in your hand like getting the world in your arm, facts in it is not ridiculous a single. We can say that no book that offer you world throughout ten or fifteen minute right but this guide already do that. So , this is good reading book. Hey there Mr. and Mrs. occupied do you still doubt this?
