Small World Martin Suter

Romanele lui Martin Suter sunt traduse in peste douazeci de limbi. Pentru Small World, scriitorul a primit in 1997 Premiul Cantonului Zurich iar in 1998 Prix du premier roman etranger (Franta). Small World a fost ecranizat in 2010 (cu titlul Je n'ai rien oublie), avandu-i pe Gerard Depardieu si actrita de origine romana Alexandra Maria Lara in rolurile principale. Small World este deopotriva o cronica de familie, povestea unui caz de Alzheimer documentat minutios si un thriller psihologic avand ca erou un barbat cu un gol in suflet a carui salvare depinde de propriile amintiri. Konrad Lang, sexagenarul distrat tolerat in somptuoasa vila a familiei Koch, din inalta burghezie elvetiana, parea o fiinta inofensiva. Dar clanul isi vede dintr-odata primejduite reputatia si averea de iminenta revelare a unui secret tenebros. Amenintarea provine - paradoxal - de la Konrad, bolnav de Alzheimer, caruia maladia, pe masura ce avanseaza implacabil, ii estompeaza din memorie lucrurile din realitatea recenta (lumea lui imediata se ingusteaza, ajunge tot mai mica - de aici si titlul romanului). Corolarul acestui fenomen tragic este ca el isi aminteste tot mai amanuntit secvente din indepartata copilarie. Devenind, astfel, un martor periculos..

From reader reviews:

Barbara Baker:

Hey guys, do you really want to find a new book you just read? Maybe the book with the title Small World suitable to you? Often the book was written by a well-known writer in this era. The particular book titled Small World is the one of several books which everyone reads now. That book has inspired many men and women in the world. When you read this reserve you will enter the new age that you have never known before. The author explained their concept in a simple way, thus all of us can easily understand the core of this reserve. This book will give you a lot of information about this world now. To help you see the representation of the world within this book.

Martha Albarado:

In this period of time globalization it is important for someone to find information. The information will help someone to understand the condition of the world. The healthiness of the world makes the information much easier to share. You can find a lot of referrals to get information, for example: internet, newspaper, book, and soon. You can observe that now, a lot of publishers which print many kinds of books. The book that I recommended to you personally is Small World. This e-book consists of a lot of information about the condition of this world now. That book was represented as how the world has grown up. The words and styles that the writer uses to explain it are easy to understand. The particular writer made some exploration when he wrote this book. This is why this book suits all of you.

Hye Elliott:

Besides this Small World in your phone, it may give you a way to get nearer to new knowledge or information. The information and the knowledge you are going to get here is fresh from the oven so don't always be worried if you feel like an older person living in a narrow village. It is a good thing to have Small World because this book offers to you personally readable information. Do you at times have a book but you don't get what it's all about. Oh come on, that will not happen if you have this in your hand. The enjoyable option here cannot be questionable, including treasuring beautiful islands. Use it if you still want to miss the idea? Find this book and read it from today!

Sam Dickson:

Do you like reading a reserve? Confused looking for your selected book? Or your book seemed to be rare? Why so many concerns for the book? But virtually any person feels that they enjoy with regard to reading. Some people like looking at, not only science books but additionally novels and Small World or even other sources were given know-how for you. After you know how good a book is, you feel you want to read more and more. Science reserves were created for teachers or students especially. Those publications are helping them to include their knowledge. In some other case, besides science reserves, any other book like Small World can make your spare time more colorful. Many types of books like here.
