Sunfail

Steven Savile

Sunfail Steven Savile

"Frighteningly realistic...With fast-paced action, awesome fight scenes (one between two brilliant female assassins is particularly well done), relatable heroes, and just the right balance between intrigue and plot twists, *Sunfail* is a fun and exciting read with a wide appeal perfect for fans of complex series heroes like Jack Reacher and Joe Ledger, with a dash of Dan Brown sensibility."

--**Booklist**

"Scary conspiracy thriller...Clever."

--**Publishers Weekly**

"From Akashic Books's Infamous imprint comes Steve Saville's *Sunfail* (Nov.) which stars New York City subway electrician and former Special Forces soldier Jake Quinn as he fights a conspiracy by the world's richest men to destroy the world."

--**Library Journal**

"Does fiction get much darker than the sun going out forever? Not in my book--or Savile's either! In this atmospheric little dystopia the sun is dimming, weather is changing, and regular people are getting weirder as time goes on....Savile lavishes attention on words to excellent, sense-heavy effect; New York is a 'beaten city' with 'weeping bricks.' Deliberate and creepy, this taps into genuine human traits like fear, greed, and stupidity."

--**Library Journal's** Books for Dudes column

"This fast-paced speculative thriller delves into the machinations of a sinister secret organization."

--**Shelf Awareness**

"There are Mayan code names and conspiracies swirling in this fantastic novel, but the ending...will leave readers hoping there is a sequel....Any readers who have been fans of Dan Brown's conspiracies will enjoy Savile, who is a master of his craft....Long-time fans of Steven Savile's novels won't be disappointed with this latest novel, and readers who have never read Savile before will have a new favorite author."

--**New York Journal of Books**

"Savile's storytelling is riveting. He keeps to the plot, sparing readers the insipid backstories that often weigh down global thrillers."

--**Ellery Queen Mystery Magazine**

"Quite entertaining....[*Sunfail*] will grab your attention and keep you turning the pages as you attempt to figure out how our heroes will escape the traps set for them."

--**East Niagara Post**

"Intriguing and fast-paced....A wickedly clever tale in which the action never relents."

--**Fresh Fiction**

Dogs howl in the streets, running wild. Birds fall dead from the sky. Even the sun itself is failing. As darkness descends all hell breaks loose and terrorists strike hard and fast, taking out the army base at Fort

Hamilton, Brooklyn, leaving Manhattan vulnerable.

Jake Carter is an NYC subway electrician and former Special Forces operative. When he finds two young men spraying graffiti across the subway station walls, he realizes their marks aren't gang tags or band names: they are a message, a call to arms spelled out in a lost language. The Hidden are communicating with each other. The end of the world has arrived, and it's being orchestrated by those unseen--for profit.

Carter finds himself dragged into a world of conspiracy and menace by a woman he hasn't spoken to in over a decade: Sandra Keane, his ex-girlfriend, is one of the few who knows what's going on. She has just turned against her paymasters, and now she's running for her life with nowhere left to hide. With Sandra, Carter must answer some impossible questions: How do you fight an enemy you cannot see? How do you defeat ghosts? How do you stop some of the richest and most powerful men in the world when they own the shadows? And most important of all, how do you stay alive when the world around you is dying?

From reader reviews:

Irene Howe:

Have you spare time for the day? What do you do when you have much more or little spare time? Yep, you can choose the suitable activity for spend your time. Any person spent their particular spare time to take a move, shopping, or went to often the Mall. How about open or even read a book called Sunfail? Maybe it is to be best activity for you. You already know beside you can spend your time together with your favorite's book, you can more intelligent than before. Do you agree with their opinion or you have different opinion?

Sheila Davis:

Nowadays reading books are more than want or need but also become a life style. This reading addiction give you lot of advantages. The huge benefits you got of course the knowledge your information inside the book in which improve your knowledge and information. The data you get based on what kind of publication you read, if you want have more knowledge just go with education books but if you want really feel happy read one together with theme for entertaining for instance comic or novel. Typically the Sunfail is kind of book which is giving the reader capricious experience.

Luann Bowen:

People live in this new day time of lifestyle always make an effort to and must have the extra time or they will get great deal of stress from both daily life and work. So , when we ask do people have spare time, we will say absolutely yes. People is human not only a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to you actually of course your answer will probably unlimited right. Then do you try this one, reading guides. It can be your alternative inside spending your spare time, the actual book you have read is usually Sunfail.

Elaine Sitz:

This Sunfail is great reserve for you because the content that is certainly full of information for you who have always deal with world and have to make decision every minute. This specific book reveal it facts accurately using great manage word or we can state no rambling sentences in it. So if you are read that hurriedly you can have whole info in it. Doesn't mean it only will give you straight forward sentences but challenging core information with splendid delivering sentences. Having Sunfail in your hand like obtaining the world in your arm, info in it is not ridiculous just one. We can say that no e-book that offer you world inside ten or fifteen moment right but this book already do that. So , it is good reading book. Hi Mr. and Mrs. stressful do you still doubt which?
