The Prison Library Primer: A Program for the Twenty-First Century

Brenda Vogel

The Prison Library Primer: A Program for the Twenty-First Century Brenda Vogel

In this century the central and quintessential correctional facility program ought to be the library. While the U.S. prison industry has embraced a massive reentry movement emphasizing literacy and job readiness for former felons, prison libraries have been ignored as potential sources for reintegration. In *The Prison Library Primer: A Program for the Twenty-First Century*, Brenda Vogel addresses the unique challenges facing the prison librarian.

This practical guide to operating and promoting a correctional library focuses on the basic priorities: collection development; location, space planning, and furnishing suggestions; information on court decisions and legislation affecting prisoners' rights. This volume also includes an information-skills training curriculum, sample administration policies, essential digital and print sources, and community support resources.

Equipped with practical library science tools and creative solutions, *The Prison Library Primer* is an invaluable resource that will help the librarian and library advocate develop, grow, and maintain an effective, user-centered library program.
