Twisted Roads is comprised of four parts, each of which is a standalone story in its own right, but is also intertwined with each other part.

In Part I ("On the Border") seven-year-old Katrina Tilford is kidnapped from her bus stop in the small town of Lashonia, Wisconsin. Paroled sex offender Roy Thornquist concocts a bizarre scheme which he feels will prevent him from being convicted, no matter what atrocities he commits. Tracked by dog teams into the "no-man's-land" straddling the U.S./Canada border, Thornquist gets more than he bargained for from an unexpected source.

Part II ("Closure") details the conflicting emotions the Tracy family feels as it deals with the finality of losing their daughter and sister when her remains are finally discovered 16 years after she was raped and murdered by Thornquist.

In Part III ("The Vigilantes") the genesis and early "success" of the vigilante group WarmStorm is revealed.

Finally, Part IV ("The Rogue") reveals the effects that WarmStorm has not only on the sexual predators they target, but also on the members themselves. After three innocent people are murdered by a rogue member of the group, the lives of the others are permanently transformed, and the founders must determine how to resolve the problem.
