## SEO Leo 2013-2014: How to Rank on 1st Page of Google in 2 Weeks with Web Properties, The Alpha Guide (with Local Small Business Owner Money Secrets) Von Money

on Money Leaks SEO Shortcuts from Bing Experiment Imagine ranking on the top of Google and pulling in FREE organic traffic for your succulent targeted keywords. Sales, Conversions, Ad Space all pour money like rich milk chocolate right on the top of your head. Fact! Penguin and Panda are 100% beatable. Fact! You don't need a link building campaign to rank on the 1st page of Google for low to medium competition keywords. Fact! You can get 1st page ranking using web properties. Fact! You can get results fast. SEO Leo Isn't The SEO Book You Bring Home to Mom I know you've read a lot of SEO books and I know they've sucked. I bought them too and if they weren't on my Kindle, I would have thrown them at my girlfriend's potted plant (is there some rule that 95% of SEO books have to suck?). SEO Leo is different, I swear. SEO Leo is based on a real life, the Palmolive gloves come off, all-out two week binge where I tried to rank any web property as fast as possible to beat out some jackass who stole a piece of my pie. Besides my case study, SEO Leo contains inside info from my past and present post Penguin/Panda SEO projects. In SEO Leo, I talk about: Tumblr Pinterest Facebook Yahoo Answers Slideshare Blogger Blogs Vimeo YouTube Linked In Twitter Webs.com Wordpress.com Amazon I also talk about: \* Whether Fiverr link building gigs actually work \* What web properties are easiest to rank \* How to build links after Penguin and Panda \* How to rank in Google specifically for local businesses \* How many words you should write in blog posts and descriptions \* Whether press releases help SEO \* Why it's crucial you start your search engine marketing campaigns now SEO Leo isn't about keeping up some polite, politically correct white hat charade; it's about doing whatever it takes to rank in Google damnit! The "SEO experts" will tell you to do everything by the book (Google webmaster guidelines) but behind the scenes we all see the guys using black hat techniques that work like a chucking farm. You know, those cheap hacks that took 5 minutes but rake in huge cash. What gives? I want results. You want results. SEO Leo is 100% about getting results fast. And by results, I mean ranking at the top of Google (or as high as Googly possible) and making money from it. After Penguin and Panda, I gave up on SEO for a year+. Then I started reading about YouTube SEO. Then some jackass started aggressively attacking my niche. Then I got angry, very angry.
