A Beautiful Mess: Olivia Adler is a woman with a troubled past. After losing her parents at the young age of six and being raised by an uncle who she lost years later, she refuses to get attached to anyone, including friends. For the past decade, she has been able to remain unattached to any man, too worried about losing someone to get too close. Until Alexander Burnham walks into her life one night and changes everything. But he has issues of his own. And he's keeping a secret that could turn her world upside-down. Will Olivia let Alexander in enough for him to get close and protect her from a force threatening her very existence, or will she push him away, scared of letting Alexander in, in order to protect her heart?

A Tragic Wreck: Haunted by her past, Olivia Adler flees Boston for a beach in Florida, leaving everyone behind, trying to shut the world out. Remaining a relative recluse in her self-imposed prison, she tries to turn everything off, wanting to feel nothing. But a new acquaintance won't let that happen. After being away from Alexander for a month, his voice constantly ringing in her head, reminding her that her inability to confront her demons will not only destroy her, but also him, can she really be expected to want to feel again when it brings nothing but pain? Back in Boston, everywhere he turns, Alexander Burnham is reminded of Olivia... His Olivia... He tries to dull the ache left in his heart the only way he knows how... in the bed of a beautiful woman. But Alexander isn't about to lose his Olivia. After a clue comes to light regarding Olivia's whereabouts, can he convince her to return to Boston with him? When a force that has laid dormant for months resurfaces, can Alexander still protect her from the unknown danger? And when Alexander comes face to face with a shadow of both his and Olivia's past, will he be able to tell her the secret that is threatening to tear them apart?

Gorgeous Chaos: Finally able to face her fears of abandonment, Olivia Adler begins to prepare for the next phase of her life. But Alexander Burnham is still holding on to all the secrets about Olivia's past, trying to protect her. As days go by, Olivia is slowly starting to remember her past and Alexander realizes it's only a matter of time until she puts all the pieces together and figures out who he is... And who she is... But if she remembers, her life could be in even more danger than it already is, and Alexander cannot have that happen. When shadows of Olivia's past threaten not only her life, but also those around her, will Alexander finally put Olivia's needs ahead of his? Will she be able to put all the pieces of her past together in order to save her own life and those that she's close to? Can she figure out who she can trust and who is threatening her very existence?
