The handsome Punishment Officer, Master Jay, takes her away to his home for a series of punishments, unaware she is a princess. During the first day 'Lyssa' learns what is expected of her and what happens if she does not willingly submit to her spankings and learn humility. As time goes by, she struggles to obey and respect Master Jay's authority, but her feelings for him are conflicted - given that he is responsible for her sore bottom, how is it possible for her to fall in love with him? Little does she know he has also developed feelings for her ... but given the disparity in their social standing, can there be any hope of a future for them?
