The Afterlifestyles of the Rich and Famous Pilot and investigative reporter Nola Mitchell is on the assignment of a lifetime when she stumbles into a story more sensational than anything she's ever covered. Forced to crash-land on an uncharted island in the South Pacific, she discovers a hidden paradise, a last resort for those wealthy enough to leave the world behind—forever. Actors and aristocrats, politicians and musicians... All supposedly dead, all very much alive, and all under the protection of an elite security force that will do anything to protect their shared secret. But Nola's not quite ready to disappear, and she finds an unlikely ally for her escape in a princess who's desperate to return from her self-imposed exile. The fact that Nola's falling in love with a man who won't hesitate to kill her if she tries to leave is just one of the obstacles she'll have to overcome if she's going to make it off the island. With Under the Legend, debut novelist Carolina Carter explores celebrity culture through a fast-paced thriller, all set against a lush tropical background.
