The Black: Outbreak Paul E. Cooley

When a Centers for Disease Control quarantine fails at Ben Taub Hospital, a Houston SWAT Team is sent in to secure the facility. What they find is destruction and death. Trapped in the hospital, cut off from the world, a mysterious voice on the radio is all they have to guide them. They're no longer on a mission to quarantine the remaining inhabitants. Instead, they have to destroy a multiplying menace that could infect the world before the Federal Government enacts a final solution. Outbreak is a standalone, parallel story to both the 2015 Parsec Award Winning Novel *The Black* and *The Black: Arrival*. A winning mashup of action and horror, *Outbreak* is a suspenseful thriller that will keep you guessing at what's around the next corner.
