Deleuze and the Schizoanalysis of Literature (Schizoanalytic Applications)

Deleuze and the Schizoanalysis of Literature (Schizoanalytic Applications)

In 1972, the French theorists Deleuze and Guattari unleashed their collaborative project-which they termed schizoanalysis-upon the world. Today, few disciplines in the humanities and social sciences have been left untouched by its influence. Through a series of groundbreaking applications of Deleuze and Guattari's work to a diverse range of literary contexts, from Shakespeare to science fiction, this collection demonstrates how schizoanalysis has transformed and is transforming literary scholarship. Intended for upper-level undergraduates, postgraduates and scholars with an interest in continental philosophy, literary theory and critical and cultural theory, *Deleuze and the Schizoanalysis of Literature* is a cutting edge volume, featuring some of the most original voices in the field, setting the agenda for future research.
