Once you really know your Nikon N80/F80 camera, you'll uncover the wonderful opportunities it offers. This new feature-laden, affordable single-lens-reflex (SLR) camera from one of the world's most respected manufacturers was designed for the serious, advanced-amateur photographer. With an in-depth look at the camera's capabilities and functions, you'll be able to use such features as the Matrix metering mode, exposure compensation, auto exposure bracketing, autofocus mode and area selection, tracking focus, and more. The uses of accessories including lenses, flashes, and filters are explained, as are advanced flash techniques such as slow sync and rear-curtain sync. More informative and user-friendly than the manufacturer's instruction book, and with plenty of hands-on suggestions to put the photo enthusiast well on the way to sophisticated picture-taking.

#### **Christopher Arnold:**

As a university student exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some guide, they are complained. Just little students that has reading's heart or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading very seriously. Any students feel that examining is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Nikon N80/F80 can make you feel more interested to read.
