America is in the thrall of a full-scale socioeconomic breakdown. The stock market plummets, hyperinflation destroys the value of the dollar, and the population, unprepared for hardship, panics. Practically overnight, the high-technology infrastructure and chains of supply collapse, and wholesale rioting and looting grip every city. Law enforcement, transportation, electricity, fuel, and medical supplies are all in the past now, as the country staggers beneath its own weight. Lawless bands of killers roam the countryside, leaving devastation in their wake and now that the government is gone, the Constitution is at stake. Who will carry on?

In this chaotic and dangerous environment, a few families and individuals, bound together by their faith, skills, and foresight, must struggle not only to survive day by day but defend themselves against a new and vicious predator - their fellow man.

Survivors is a shockingly realistic and lightening fast thriller about the coming implosion of America as we know it. Renowned survivalist expert James Wesley, Rawles has packed this story with the cold hard facts about how to stay alive in the face of mass riots, starvation, and anarchy. His expertise lends unforgettable, authentic detail to this season's most chilling novel. Listeners will not only be entranced, they will learn invaluable lessons on how to survive the coming collapse.
