AHA Hospital Statistics helps users see patterns and anticipate emerging trends in hospital utilization, personnel and finance, as well as community health indicators such as beds, admissions, inpatient and outpatient visits, and more. This annual publication provides a snapshot of key hospital performance statistics over time by geography and bed size based on utilization, personnel, revenue and expenses.

Included as a Brandon/Hill Medical List 'First Purchase' selection the statistics are based on the AHA Annual Survey of Hospitals. Hospital Statistics is used by researchers in private and public sectors, and is an important source for the U.S. Statistical Abstract.
