Considerations on the Causes of the Greatness of the Romans and their Decline (Hackett Classics)

Charles de Secondat, Baron de Montesquieu, David Lowenthal

"It is wonderful to have David Lowenthal's splendid translation of Montesquieu's Considerations on the Causes of The Greatness of the Romans and Their Decline back in print. This neglected masterpiece deserves attention from all who are concerned with self-government -- whether their focus is on its history or on its prospects in our own time." -- Paul A Rahe, Jay P Walker Professor of History, University of Tulsa.
