Within the sordid realities surrounding the glitzy world of casino gambling, top entertainment, ultra-lounges and alcohol-driven risqué behavior, this is the true story about the sex industry in Las Vegas. It revolves around a gorgeous young woman's unimaginable tragedies which ushered her into a life as a professional stripper at some of the most well-known gentlemen's clubs just off The Strip. The book presents a heart-wrenching portrayal of unavoidable circumstances and overwhelming sacrifices forced upon her since childhood, with eventual escape from a brutal and sexually abused life growing up on a farm in Maine. Subsequent extreme misfortunes pushed her down a path succumbing to choose a last ditch means for financial support by utilizing her attractiveness to become a Las Vegas gentlemen's club performer. Her journey offers us a revealing and troubling look into the questionable side of the live sex business in the ultimate city of sin.

Close examination of the distressed souls who slip into their thongs, remove their lace bras and give John Doe a lap dance to make the rent, uncovers the other side of Vegas. It's a story powered by greed, alcohol, drugs, club managers in Gucci suits, beautiful women and what many men want and sometimes try to get.

With insightful contradiction to the notion of exotic dancers in Las Vegas as self-indulgent, hot sex kittens, adorned in jewelry, carrying fine Prada purses while zipping about in leather-lined sports cars, this truthful exposé shows quite a divergent view about the life of the type of woman a man could never bring home to meet mom.

The depiction of one particular gentlemen's club performer and her struggle to suppress haunting memories of past mental torment and physical maltreatment as a child, followed by a lifetime of betrayal, rape, drug abuse and the tragic death of loved ones, can be best described as both a bittersweet and ironic tale. Through all the challenging circumstances embodied within the life story of a lady named June Sumner, this composition explores the late-night outward transformation of a pretty but reticent young woman, into a sassy, glamorous, Las Vegas stripper. Her profession over the course of 10 years provided her a meager livelihood, not quite adequate to clothe and sustain her within a modest and solitary existence.

In hundreds of hours of conversations with June over many months, I learned the remarkable and overwhelming truth about this particular line of work at the clubs. This story has been compiled to reveal the intriguing personality of a woman who spent a good part of her life in sexy thongs and undergarments under the manipulative control of indifferent, greed-stricken club owners whose specialty is to exploit the very souls of young ladies. It is also a multifaceted look at the industry, including incredible and true details of what takes place inside a Vegas strip club with humorous antics, unsuspecting housewives, FBI raids, raucous and detestable club patrons and the near-naked erotic damsels who vie for money from men who seek the ultimate lap dance. All of this was discovered as a result of a dare placed upon me to visit a place many people consider an immoral sex outlet. It all started on a clear, warm night, with a walk toward the wild side of town. As the focus individual of this book describes it: "This is a city which can put you on a silver platter, but can promptly destroy you if you tip it and fall off".
