This book depicts the wonder of the world of Spiders in all its glory. Children are given a well-rounded understanding of these fascinating creatures: their anatomy, feeding habits and behavior. The following spiders are featured: \* The mysterious Black Widow \* The dangerous Brazilian Wandering Spider \* The shy Brown Recluse Spider \* The deceptive Crab Spider \* The fun-loving Jumping Spider \* The beefy Tarantula The pictures look great even in black and white and are excellent on the full color kindle. The description in the large text beneath is simple enough for early readers or for a parent to guide a child through. There are also picture captions that provide more information to talk about with your child. Alternatively, a child of any age (even the child in you) can just look at the images and appreciate its beauty. Enjoy!
