Get ready for another epic adventure as we follow Hunter, Elly and all of their friends as their journey continues into the world of the supernatural and unknown. Following directly after the events of the first book, the children start their new lives as future members of the Secret Seekers Society! But first, the children have to go through six years of training, known only as the 'Enlightenment'. What will the children learn about in their first year? What new friends will they meet? The story delves deeper into the spiritual realm of the paranormal. Learning about a magical and ancient ring known as Solomon's Seal, (known to grant its wearer the ability to speak to animals and spirits) the children must decide if playing with the spiritual realm, and potentially speaking to their parents one last time is worth the risk of putting their souls in danger. With rumor's spreading that their parents were "double agents" and working with the evil Aten Corp. the children are desperate for answers. Is the ring real? Does it truly grant its wearer such powers, or does Solomon's seal hide a deeper evil? Get ready for the ride of your life, as nothing is ever as it seems inside of the Belmonte Estate...
