The Productivity Protocol: Make Life Easier By Following The Productivity Protocol And Eliminating Procrastination In The Process (Productivity Hacks, ... Into Success, Procrastination Self Help) Gary Johnson

To have a clear idea on what boosts one's productivity, one should follow a certain set of protocols. First, there is a need to define what protocol is. According to an online dictionary, a protocol is an established system or procedure that sets the proper or accepted way of completing a task and dictates the rules that govern a certain situation. Usually, nations, companies and industries have protocols, but in this book, even individuals can set their own protocols. The main focus of this book is the establishment of the Productivity Protocol. Of course, the Productivity Protocol has the main aim of boosting one's productivity. Eventually, when you get the hang of it, you can be more productive. This book lists ways to increase your level of productivity in the most practical ways possible. Additionally, it gives you a deeper sense of meaning in your life. With these tips, you can be in better control of your life and things will become easier than ever. There are suggested steps for you to reach your goals – both short- and long-term goals. The suggestions can help you avoid the temptations of procrastination.
