Ender's Game is one of the greatest science fiction series of all time! But it spans across many planets and features dozens of major characters and plots. In short: It gets complex! The perfect companion to Orson Scott Card's "Ender's Game," this study guide contains a chapter by chapter analysis of the book, a summary of the plot, and a guide to major characters and themes. This guide only covers the first book in the series; additional guides are available for subsequent books. BookCap™ Study Guides do not contain text from the actual book, and are not meant to be purchased as alternatives to reading the book. We all need refreshers every now and then.
