Someone you love has suffered a brain injury. The doctors can not yet make a prognosis. "Every brain injury is unique and unpredictable," they say. "Hope for the best, but prepare for the worst," they tell you. What do you do now? *Successfully Surviving a Brain Injury* is an easy-to-read guidebook for families suddenly thrust into the painful and confusing world of brain injury. It teaches readers the basics of brain trauma. It guides them step-by-step through the recovery process. It provides the practical information they need to handle the insurance, financial, legal, emotional, family, and personal issues that accompany a brain injury. It also describes the wide range of impairments caused by brain trauma and the factors that influence how well someone recovers. This book is not only a practical and essential road map to a successful recovery, it also is an inspirational story of how one couple overcame profound changes in their relationship and began to create a fulfilling new life.
