Two paradigm shifts hallmark Jewish-Christian relations in the twentieth century: the collapse of "Christendom" and the Holocaust. From within these shifts, reassessment of the Jewish-Christian relationship emerged. Over the second half of the twentieth century, a new theological account of that relationship has been constructed- one of recognition and reconciling encounter. That work is built largely on the legacy of two pioneering theologians: Karl Barth and Franz Rosenzweig. *Healing the Schism* attempts to map out the new Jewish-Christian encounter from its nascent origins in the work of these thinkers to its current state at the beginning of the twenty-first century. The goal in this study is threefold: first, to trace key influences in the theological genesis of this developing strand of Jewish-Christian dialogue; second, to outline dominant features of its present incarnation; and finally, to identify potential future directions for this trajectory. This volume offers a constructive vision of Jewish-Christian encounter that affirms the irrevocable election of Israel and the universal, ecclesially mediated saving mission of Christ.
