Someone once told me that happiness is fleeting. I can see now that he was right. I'm trapped in a black hole of darkness I can't seem to crawl out of. My twin and my lover want each other dead and I'm pregnant with a baby I don't know how to protect. Ryland says he will do anything to get me back, but how do you trust the man who almost killed you? When every option before you comes at a cost, how do you choose the right path? People say that history has a way of repeating itself. Six years after the fact, my father's actions are still haunting me. When I learn about an old debt yet to be settled, everything changes. It might not matter who I trust anymore when my every breath brings me one step closer to the end of this twisted game.
