Families and schools spend billions of dollars each year on curriculum for children. Most of the time they forget to include God's curriculum: the Book of Proverbs. In this three-thousand year-old compendium of wisdom, God lays out a full education program in a surprisingly practical form. He takes the most important lessons concerning science, government, business, psychology, human relationships, banking, epistemology, metaphysics, and ethics, and wraps them into simple character lessons for young men and women. Significantly, the faculty who must present these lessons in God's Book of Wisdom is none other than fathers and mothers! This third and final study guide in the Book of Proverbs covers chapters 24-31. Spiral-bound. 305 Pages.
