Born into a prestigious and powerful political family, Venom captain Alicia Avery learned at a young age that appearances were everything. Alicia has now been molded into the perfect young woman; her only transgressions against the dictates of her parents to date are her dogged determination to play hockey and a rather radical new haircut. That was before Alicia met Dale Christie, a highly principled and deeply spiritual street performer who is raising his daughter, Wren Song, alone. Now Alicia is finally opening her mind and heart to the knowledge that there is more to life than monetary success and ambitious goals. As her soul awakens, so does her desire for the man her parents - and society - would deem horrendously wrong for her. Can the Venom captain learn to walk a new path of serenity through life? Or will the pacifist and the hockey player be torn apart by a world that judges a person by the size of their bank account versus the largesse of their soul?
