This tenth volume of ABHB (Annual bibliography of the history of the printed book and libraries) contains 3275 records, selected from some 2000 periodicals, the list of which follows this introduction. They have been compiled by the National Committees of the following countries: Australia Italy Austria Luxembourg Belgium The Netherlands Bulgaria Poland Canada Portugal Denmark Rumania Finland South Africa France Spain German Democratic Republic Switzerland German Federal Republic USA Great Britain USSR Hungary Yugoslavia Ireland (Republic of) Spain and Latin America have partially been covered through the good offices of an American colleague. Benevolent readers are requested to signal the names of bibliographers and historians from countries not mentioned above, who would be willing to co-operate to this scheme of international bibliographic collaboration. The editor will greatly appreciate any communication on this matter. Subject As has been said in the introduction to the previous volumes, this bibliography aims at recording all books and articles of scholarly value which relate to the history of the printed book, to the history of the arts, crafts, techniques and equipment, and of the economic, social and cultural environment, involved in its production, distribution, conservation, and description. Of course, the ideal of a complete coverage is nearly impossible to attain. However, it is the policy of this publication to include missing items as much as possible in the forthcoming volumes. The same applies to countries newly added to the bibliography.
