**India as an Asia Pacific Power (Routledge Security in Asia Pacific)** David Brewster

The emergence of India as a regional and potentially global power is forcing us to rethink our mental map of the Asia Pacific. We are only just beginning to discern how India may alter the global economic landscape. How will the rise of India change the strategic landscape of Asia and beyond?

This book provides a comprehensive assessment of India's international relations in the Asia Pacific, a region which has not traditionally been understood to include India. It examines India's strategic thinking about the Asia Pacific, its relationships with China and the United States, and India's increasingly close security ties with other major countries in the region. It considers the consequences of India's rise on the Asia Pacific strategic order and asks whether India is likely to join the ranks of the major powers of the Asia Pacific in coming years.
