James Stroud

Mere Christian Apologetics: Apologetics and the Bible in Simple Terms James Stroud

In this book James Stroud not only breaks down why God must exist in easy to follow terminology but why the Christian concept of God provides the most coherent answer to who this God is.

"Mere Christian Apologetics" aims to improve biblical literacy and understanding in the Christian community. Stroud believes that with the current situation in the West, there is a need to revisit with believers and non-believers alike what it truly means to be a Christ follower today. In this book, Stroud not only breaks down why God must exist in easy-to-follow terminology, but also why the Christian concept of God provides the most coherent answer to who this God is. This is a very good introductory book for those wanting an overview of the Bible and apologetics in layman's terms and how to better understand why Christianity is more plausible today than ever.
